

Junior Indirect Tax Consultant - Process Technology (EMEIA Tax Center) - 2021

EY is a global leader in assurance, tax, transaction and advisory services. The insights and quality services we deliver help build trust and confidence in the capital markets and in economies the world over. We develop outstanding leaders who team to deliver on our promises to all of our stakeholders. In so doing, we play a critical role in building a better working world for our people, for our clients and for our communities.

EY's EMEIA Tax Center Global Compliance & Reporting Indirect Tax department (ETC GCR Indirect Tax) provides multinational companies with compliance and reporting services for indirect taxes. We provide the end-to-end services or support and advice around how to deal with the new compliance and reporting obligations and requirements within the framework of Digital Tax Administration. The compliance and reporting is moving away from paper to fully digital reporting.

To get our business ready for the future we are looking to expand our office in **Diegem** or **Ghent** with a Junior Consultant.

Your key responsibilities

- Help automate our service processes and add new features so we can expand our service portfolio and help our clients get ready for a digital future;
- Work with BI tools and analytics software to roll-out data analytics and visualizations to our clients;
- Supporting clients with complying with the new Digital Tax Administration: tax administrations around the world are implementing new ways on how taxpayers will report to them. You will be helping clients on how to respond to these new requirements;
- Supporting clients with automating their Indirect Tax compliance and reporting processes on a Pan-European basis (e-Invoicing, SAF-T,...);
- Indirect Tax reviews of compliance and reporting processes;
- Work together with our Tax Technology teams to optimize our clients' ERP systems to support their Indirect Tax needs;
- Integration of 3rd party software solutions that focus on Indirect Tax automation and monitoring.
- Our team is based in Belgium, the UK, Ireland, the Netherlands, Poland and Romania. Our clients are based throughout the entire EMEIA region, allowing you the opportunity to travel from time to time.

What we look for

- You will obtain a Master's Degree in a tax or business-related discipline (e.g. Economics, Engineering, IT, etc.) or a Bachelor's Degree in Accountancy/Tax;
- You have a high interest in Technology, are not afraid of new developments or change and have a hands on approach and are eager to assist in developing and rolling out new technologies within the team;
- You are interested in working in a truly international environment and want to learn your clients' business;
- You are able to communicate fluently in English. Knowledge of Dutch or French is a clear asset as well as any other European languages;
- You are a team player with strong communication skills and an entrepreneurial mindset;
- You have a great sense of accuracy;
- You are results-oriented;
- You are motivated learner eager to explore new challenges (e.g. tax skills, RPA, ERP systems,...);
- You are able to start in September 2021.

What's in it for you

- Outstanding and continuous combination of International Tax trainings as well as on the job learning;
- A young, dynamic and international working environment with a true coaching culture;
- Opportunities to grow together with the organization;
- The opportunity to develop a wide variety of soft skills such as project management, leadership, coaching and business development;
- A competitive remuneration package including a company car as well as other benefits

Here at EY, you'll have the chance to build a truly exceptional experience. We'll empower you with the latest technology, surround you with high-performing teams, and provide the global scale and diverse and inclusive culture you need to discover your full potential. Through our coaching and training programs, you'll develop the skillsets you need to stay relevant today and in the future - all while building a network of colleagues, mentors, and leaders who will be on the journey with you at EY and beyond.

The exceptional EY experience. It's yours to build.
